the Doreen Katz
MEMORIAL FOUNDATION

Who is Doreen Katz and why should we donate to her cause?

While Adam and Doreen Katz never had kids, they had a mutual love and joy in sharing their experiences, teaching and volunteering with youth in their local community. When Doreen passed of breast cancer, to ensure her legacy lived on, Adam started DKMCF so each parent battling cancer will know, no matter the outcome, their wish for a successful, happy life for their child will still be possible through a non-profit built on community, family, caring and a love for life greater than ourselves.

Why? 27 families and over 70 kids are supported to date!

Tournament Donations Go

To:

- Paying for K – 12 school and after-school activities.
- Supporting families battling cancer with kids' birthday, holiday, Christmas gifts making it special for the family while they battle the cost of medical services.
- Affording summer sports, outdoor/stayover camps, gymnastics or cheerleading, horseback riding lessons, additional therapeutic services including speech, emotional, equine assisted and counseling family support (as needed).
- Growing the foundation for families battling cancer who come to us including outside of the State of Colorado.
